

Please join us for a **Lunch and Learn** seminar to understand the role of identification in the lab environment.

How do you implement a **Sample Identification Solution** with materials that last and create a process that reduces time and errors?

What types of **Lab Safety** identification requirements are needed in your lab environment?

## ENTER TO WIN A FREE BMP21-LAB PRINTER

### Topics for Review:

- Label Automation Solutions
- Engineered Materials
  - Chemical Resistance
  - Temperature Resistance
  - COLOR!!!
- Lab Safety: Signs Sorbents, GHS
