Coronavirus (COVID-19) Visitor Policy

MassBio is monitoring the coronavirus (COVID-19) situation closely for the safety of both our staff and the visitors to our regular meetings and events. Out of concern for the health of the entire MassBio community, all MassBio events are either cancelled or postponed through April 1, 2020, when we’ll reassess.

To ensure the health and safety of MassBio’s employees, members, and visitors, we will adopt the following policy for visitors to our office.

Individuals should refrain from visiting our offices if:

- They have been in Hubei Province, China in the last 30 days (as of the time you are reading this notice); or
- They have been in a country that has been substantially impacted by the coronavirus since February 22 (currently: Mainland China (other than Hubei Province), Japan, South Korea, Italy, Iran, or Hong Kong); and
  - They have any reason to believe that they might have been exposed in the past 30 days; or
  - They are exhibiting any symptoms of infection, e.g., fever, cough, shortness of breath or other breathing difficulties.

Additional information about the coronavirus is available on the World Health Organization and the U.S. Centers for Disease Control and Prevention.

If you’re looking for more guidance on how your company should response to coronavirus, visit BIO’s resource page.

If you have any questions or concerns, please email communications@massbio.org.
